

EYFS Policy

Approved by:	Governors	Date: February 2026
Last reviewed on:	February 2026	
Next review due by:	September 2028	

1. Aims

This policy aims to ensure:

- That children access a broad and balanced curriculum that gives them a secure foundation for learning, development and good progress through school and life
- Quality and consistency in teaching and learning so that every child makes good progress, and no child gets left behind
- A close working partnership between staff and parents and/or carers
- Every child is included and supported through equality of opportunity and anti-discriminatory practice

2. Legislation

This policy is based on requirements set out in the [statutory framework for the Early Years Foundation Stage \(EYFS\)](#), effective from 1 September 2025.

3. Structure of the EYFS

We offer morning sessions, and full day sessions 5 days a week for children aged 3 and 4 years old in our EYFS unit. Children can start the term after their third birthday. This equates to 15 hours. We also offer 30 hours.

Reception children start full time school during the academic year in which they are 5 years old.

4. Curriculum

Our early years setting follows the curriculum as outlined in the latest EYFS statutory framework.

The EYFS framework includes 7 areas of learning and development that we must teach. All areas of learning and development are important and interconnected. Three areas, known as the prime areas, are seen as particularly important for building children's capacity to learn, form relationships and thrive.

The prime areas are:

- Communication and language
- Physical development
- Personal, social, and emotional development

We also support the children in 4 specific areas which help strengthen and develop the 3 prime areas, and ignite the children's curiosity and enthusiasm:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

4.1 Planning

Our staff are ambitious for all children, and plan activities and experiences for the children that enable them to develop and learn effectively. In order to do this, staff working with the youngest children are expected to focus strongly on the 3 prime areas.

Staff also take into account the individual needs, interests and development of each child in their care, and consider whether the child needs any additional support. They use this information to plan a challenging and enjoyable experience.

Where a child may have a special educational need or disability (SEND), staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate.

In planning and guiding the children's activities, staff reflect on the different rates at which children are developing, and take these into account.

4.2 Teaching

Staff make sure that the children experience the 3 key characteristics of effective teaching and learning: playing and exploring; active learning; and creating and thinking critically.

They respond to each child's emerging needs and interests, guiding their development through warm, positive interaction.

As the children grow older, and as their development allows, the balance gradually shifts towards more focus on teaching essential skills and knowledge in the specific areas of learning, to help the children prepare for Key Stage 1.

5. Assessment

At Unstone Schools Federation ongoing assessment is an integral part of learning and development processes. Staff observe pupils to identify their progress, development and interests. These observations are used to shape future planning. Staff also take into account observations shared by parents and/or carers and keep them up to date with the child's progress and development. Staff will address any learning and development needs in partnership with parents and/or carers, and any relevant professionals.

Observations of the children's achievements are recorded against the Development Matters statements and the Characteristics of Effective Early Learning.

Alongside observations of children in their play we complete phonics (RWI) assessments half termly.

Within the first 6 weeks that a child **starts Reception**, staff will administer the reception baseline assessment (RBA).

In the final term of the academic year in which the child reaches age 5, staff complete the EYFS profile for each child (before 30 June in that term). Each child is assessed against the 17 early learning goals, indicating whether they are:

- Meeting expected levels of development
- Not yet reaching expected levels ('emerging')

We share the EYFS profile with the child's year 1 teacher. This helps to inform a discussion between reception and year 1 teachers about the child's stage of development and learning needs and helps with planning activities in year 1.

The school shares the results of each child's 'progress check' and EYFS profile (but not the reception baseline assessment) with their parents and/or carers.

In exceptional circumstances, after discussion and only in agreement with parents and/or carers, a child might stay in EYFS provision beyond the end of the academic year in which they turn 5. In these exceptional cases, we will continue to assess the child throughout their time in EYFS provision and complete their profile at the end of the year before they move into year 1.

The profile is moderated internally and in partnership with other local schools, to ensure consistent assessment judgements. We submit EYFS profile data to the local authority on request.

6. Working with parents and carers

We recognise that children learn and develop well when there's a strong partnership between our staff and each child's parents and/or carers.

We keep parents and/or carers up to date with their child's progress and development. The progress check and EYFS profile help to provide parents and/or carers with a well-rounded picture of their child's knowledge, understanding and abilities.

We ask parents/carers to provide more than 2 emergency contact numbers for their child (where possible).

7. Staff

7.1 Staff training

We will:

- Train all staff in safeguarding procedures in line with Annex C of the most recent EYFS framework and Keeping Children Safe in Education (KCSIE) guidance
- Support all staff to feel supported and confident in implementing our safeguarding policy and procedures
- Renew training every 2 years, or more often when it's needed to help maintain skills; keep up to date with any changes to our safeguarding procedures; or because of any safeguarding concerns
- Outline how training is delivered, and how staff are supported to put it in place, in our child protection and safeguarding policy.

Our designated safeguarding lead (DSL) will:

- Provide ongoing support, advice and guidance to all staff
- Attend a training course consistent with the criteria set out in Annex C of the most recent EYFS framework
- Liaise as needed with local statutory children's services agencies and our local safeguarding partners

7.2 Safer recruitment

When recruiting staff, we will follow the procedures set out in the latest EYFS framework guidance on checking the suitability of new recruits, including:

- Obtaining a reference for any member of staff (including students and volunteers) before they are recruited
- Recording information about staff qualifications and identity checks, vetting processes and references

See our safeguarding policy for details of our safer recruitment procedures.

7.3 Whistleblowing

We make sure that all staff are aware of our whistleblowing procedures; feel able to raise concerns about any poor or unsafe practice; and know that such concerns will be taken seriously by the senior leadership team.

In the event that a member of staff feels that they need to blow the whistle on misconduct, they should report their concern to the headteacher. If the concern is about the headteacher or it is believed they may be involved in the wrongdoing in some way, the staff member should report their concern to the Chair of Governors.

See our whistleblowing policy for details of our safer recruitment procedures and more detail on our procedures for handling whistleblowing.

7.3.1 Malicious or vexatious allegations

If an allegation is made in good faith, but investigation finds no wrongdoing, there will be no disciplinary action against the member of staff who raised the concern.

If, however, an allegation is shown to be deliberately invented or malicious, we will consider whether any disciplinary action is appropriate against the person making the allegation.

8. Safeguarding and welfare procedures

We recognise that children learn best when they are healthy, safe and secure; when their individual needs are met; and when they have positive relationships with the adults caring for them. We follow safeguarding and welfare requirements to provide a welcoming, safe and stimulating environment where children can enjoy learning and grow in confidence.

All practitioners are alert to any issues of concern in children's lives at home or elsewhere.

See our child protection and safeguarding policy for more information.

8.1 Staffing ratios

We make sure that the appropriate statutory staff: child ratios are maintained in our setting to meet the needs of all children and ensure their safety:

- For children aged 3 and over

For mixed classes in maintained schools.

- We determine ratios guided by all relevant ratio requirements and by the needs of the children within the group

8.2 Paediatric first aid (PFA)

We have at least 1 person with a current paediatric first aid (PFA) certificate on the premises and available at all times when children are present, including on outings. This PFA certificate is renewed every 3 years as required.

8.3 The designated safeguarding lead (DSL)

We also have a DSL who has lead responsibility for safeguarding children.

8.5 Absence

We're required to promptly follow up on absences.

If a child is absent for a prolonged time or if their parents/carers haven't told us about the absence, we will attempt to contact the parents/carers and alternative emergency contacts.

See our attendance policy for more on this, including our expectations of parents/carers to report child absences.

8.6 Oral health and tooth brushing

We promote good oral health, as well as good health in general, in the early years by talking to children about:

The effects of eating too many sweet things

The importance of brushing your teeth

We operate a supervised tooth brushing programme, to support the children's oral health. We follow [government guidance on supervised toothbrushing](#) to make sure that it is evidence-based and safe.

The rest of our safeguarding and welfare procedures are outlined in our school's child protection and safeguarding policy.

8.7 Safer eating

While children are eating, there will always be at least 1 member of staff in the room with a valid Paediatric First Aid certificate (from a course consistent with the criteria set out in Annex A of the latest EYFS framework). All children will be within sight and hearing of a member of staff while eating, and seated safely in an appropriate chair or highchair and, where possible, in a designated eating space.

Before a child joins our setting, we will get information on their:

- Dietary requirements and preferences
- Food allergies and intolerances
- Health requirements

We will share this information with all staff involved in food preparation and handling. At each mealtime and snack time it will be clear which staff member is responsible for checking that the food meets all the requirements for each child.

We will make sure that all staff are aware of the symptoms and treatments for allergies and anaphylaxis; the differences between allergies and intolerances; and that children can develop allergies at any time, especially during the introduction of solid foods.

We will consult with parents/carers to:

- Create allergy action plans for their child – with the help of health professionals, where appropriate
 - We will also keep this information up to date and share it with all staff
- Discuss their child's progress with solid foods
- Work with them to move on to the next stage at a pace that's right for their child

We will prepare food in a way that:

- Prevents choking
- Meets each child's individual developmental needs
- Is in line with the DfE's [Early Years Foundation Stage nutrition guidance](#)

In the event of a choking incident that requires intervention, we will record details of the incident and make the child's parents/carers aware. We will periodically review the records to identify whether we can change anything in our practice to make eating safer, and then take action as appropriate.

8.8 Accident or injury

We keep a first aid box (which contains appropriate items for children) always accessible.

We keep a written record of accident or injuries and any first aid treatment.

We will inform parents or carers the same day as, or as soon as reasonably practicable after, of any:

- Accident or injury sustained by the child
- First aid treatment given

We will notify the relevant authority of any serious accident, illness, or injury to, or death of any child while in our care and inform them of the action taken, as soon as reasonably practicable.

8.9 Safety of premises

We make sure that our premises, including overall floor space and outdoor space, are fit for purpose and suitable for the age of children we care for and the activities provided on the premises.

We comply with requirements of health and safety legislation, including fire safety and hygiene requirements.

8.10 Toileting and privacy

We make sure that there are:

- Enough toilets and hand basins available for the children
- Suitable and hygienic nappy changing facilities
- Separate toilet facilities for adults

During nappy changes and toileting, we will balance children's privacy with their safeguarding and support needs.

9. Monitoring arrangements

This policy will be reviewed and approved by Rachael Fowlds Headteacher every 3 years.

At every review, the policy will be shared with the governing board.

Appendix 1. List of statutory policies and procedures for the EYFS

This isn't an exhaustive list of policies and only includes policies specific to the EYFS. For a full list of our policies speak to the school office.

Statutory policy or procedure for the EYFS	Where can it be found?
Safeguarding policy and procedures	See child protection and safeguarding policy
Procedure for responding to illness	See health and safety policy
Administering medicines policy	See supporting pupils with medical conditions policy
Emergency evacuation procedure	See health and safety policy
Procedure for checking the identity of visitors	See child protection and safeguarding policy
Procedures for a parent/carer failing to collect a child and for missing children	See child protection and safeguarding policy
Procedure for dealing with concerns and complaints	See complaints policy
